

Memphis High School Parent Teacher Partnership

Meijer Community Rewards Program

As part of the plans for this new parent-teacher group, we have enrolled in an exciting community rewards program through Meijer Stores. This is a great way for our group and our school to earn money by continuing something we already do—shop!

It's easy to enroll in this great program and we would appreciate your support. Once you are signed up and choose Memphis High School as a recipient, we will receive a percentage of the total purchases made by registered members, no strings attached!

You must first apply for a Meijer 1 Card online or with paper application. Then that card is used for community rewards program. There is also a Meijer Credit Card available if that is of interest to you for purchases and rewards. If you already have a Meijer Credit Card, you can sign up to receive community rewards for MHS. See details on the website listed below.

Follow these simple steps to enroll in Meijer Community Rewards:

1. Log on to Meijer.com/rewards
2. Under Meijer Customers in the blue-outlined box, select "join now."
3. Create your account. You will need a user name/email address and password.
4. On the next page, choose Option A – organization.
5. Enter organization number **600919** then confirm **Memphis High School** as organization.
6. Save changes and submit.

You do not need to register with UPromise for this to be effective.

7. Continue shopping at your favorite Meijer store! Be sure to have your Meijer 1 Card scanned for grocery, gas, and convenience store transactions in order to support MHS.

Thank you for your support.
