Dear Families and Community Members:

We are pleased to present you with the Annual Education Report (AER) which provides key information on the 2022-2023 educational progress for the Memphis Jr/Sr High School. The AER addresses the complex reporting information required by federal and state laws. The school's report contains information about student assessment, accountability, and teacher quality. If you have any questions about the AER, please contact Jesse Szatkowski, Principal for assistance.

The AER is available for you to review electronically by clicking [here](#), or you may review a copy in the main office at your child's school.

For the 2022-23 school year, schools were identified using definitions and labels as required in the Every Student Succeeds Act (ESSA). A Targeted Support and Improvement (TSI) school has at least one underperforming student subgroup. An Additional Targeted Support (ATS) school has a student subgroup performing at the same level as the lowest 5% of all schools in the state. A Comprehensive Support and Improvement (CSI) school is one whose performance is in the lowest 5% of all schools in the state or has a graduation rate at or below 67%. Some schools are not identified with any of these labels. In these cases, no label is given. Memphis Jr/Sr High School was not identified with any of those labels.

Memphis Jr/Sr High School is working tirelessly to meet the needs of all learners through differentiated instruction, while simultaneously providing rigorous and challenging academic content. Daily, students participate in STING. STING is a time where they are provided intervention or enrichment programming based on their needs. Based on district data, key goals for Memphis Jr/Sr High School are to continue to increase the percentage of students who are proficient and increase the student growth percentage. We also are continuing to analyze and improve our MTSS process.

The key initiatives, as outlined by the Memphis Jr/Sr High School Improvement Plan, are as follows: Staff will participate in professional learning around curriculum alignment and studying students test scores to better inform instruction. Memphis staff will identify tiered and target instruction in all content areas to close the achievement gaps and increase growth and proficiency percentages for all students.

Memphis Jr/Sr High School will also continue to implement STING to work with students individually on curriculum struggles. Memphis Jr/Sr High staff will utilize Professional Learning Communities to effectively respond to data, reflecting the needs of our students and affecting our teaching practices. Staff will use formative and summative assessments to gauge the success/failure rate of curriculum changes and as a means of strategizing and focusing instruction.

State law requires that we also report additional information.

- Process for assigning pupils:
 - Resident pupils within the Memphis boundaries are assigned to Memphis Jr/Sr High School.
